**Subject:** Columbia River Toxics Reduction Working Group: Summary of February 7th meeting and participant list

---

I am attaching a summary of the February 7th meeting in Portland along with an updated list of people who have attended the last several working group meetings. I thought the meeting was very informative and productive.

We are working on the exact date and place for the next meeting, but are planning in the Hood River area the first few weeks in June. I will get back to you when we have a firm date.

Thanks again for your continued participation in the working group.
